Information

The Hytera Mobilfunk GmbH – Application Partner Program supports qualified manufacturers in the development and adaptation of applications for Hytera terminals and infrastructure.

Please complete the following document completely and send it depending on the technology to one of the following email addresses:

TETRA: t-app@hytera.de

DMR: d-app@hytera.de

All information will be handled strictly confidential. After the registration, the application partner process will require a non-disclosure agreement (NDA). This is needed before Hytera can provide the interface documents. This NDA will be sent to the "Point of Contact", which must be declared in this document.

Please note that this registration form does not represent any agreement and/or any contract, but exclusively serves the evaluation of a potentially successful partnership of our two companies.

Should you require any further information or have any questions concerning this registration form, please also send to the above mentioned email address with the subject matter "Further Inquiry".

Registration Details

Company Details

Full company name

Street

Postal code

City

Country

Web address

Manager name

Point of contact

Please complete the required details to the contact person in your company. This person serves as the primary contact for contracts and documents.

Name
